

Each time you see the CST Label on an Establishment or Tour Operator Agency, you will know:

- ▶ **The business takes measures to avoid emissions, harmful products and pollution**
- ▶ **It implements conservation and natural risk reduction measures**
- ▶ **The business efficiently handles the wastes it produces**
- ▶ **It uses natural, biodegradable and recyclable products**
- ▶ **It has water and electrical energy conservation programs**
- ▶ **It encourages you to experience the country's natural wealth and insists on its care and conservation**
- ▶ **It complies with norms that the Tourist Establishment must uphold in terms of the environment, wildlife, archeological heritage and social guarantees of the country**
- ▶ **It employs and trains neighboring communities where it operates**
- ▶ **It promotes the traditions and customs of the country, as well as typical foods and national handicrafts**
